

Bedfringe 2017 Garden Stage @The Quarry Theatre

www.bedfringe.com
admin@bedfringe.com

Once again, we have arranged for LCH Production Services & Remedy Sound to install a small acoustic stage in the gardens of The Quarry Theatre during the festival dates.

Stage Dimensions: 16ft x 16ft x 2ft

Sound: Stereo PA with mixing console. 2x SM 58 (inc stands & XLR), 2x AKG C1000s (inc stands & XLR), 2x mono DI boxes (inc XLR)

Lighting: Basic flood lights for low ambient light situation

Power: A number of 13amp sockets will be provided

Roof: We are hoping to have a sun shade this year!

Financial arrangements: As discussed, we are hoping to raise some funds to enable us to put up a small guarantee and distribute that across the time slots accordingly. At the very least, we should be able to cover expenses but additionally think a 'pay what you think' concept might work well (like the Edinburgh Free Fringe). We can promote this in the brochure and you can remind people of it during your performance.

Bedfringe Participant Pass: Whilst you are with us on your performance day, you and your group (performers only) will receive a Bedfringe Participant Pass. This will give you a 50% discount at the Quarry Theatre bar, free entry to the shows on your performance day (terms & conditions do apply). **You must hand your pass back to Bedfringe staff when you leave, so we can give these to the next performers!**

Bringing your own equipment: Any electrical equipment must be PAT tested. We may ask you to provide evidence of this. All equipment left at your own risk. However, there are areas in the building for you to leave bits and pieces if you wish to pop out for a moment! Don't leave anything over night.

Parking & Unloading: **There isn't any parking at the theatre! However, you may unload any bits and pieces in the Quarry Theatre forecourt. Be aware that space is extremely limited (two spaces) so don't expect access and be prepared to either drop off quickly at the road side or park at St Peter's Street Car Park and walk your equipment across (it's a 2-minute walk).**
